

More people in. More reasons to come back.

A new platform connecting people with
restaurants and cafés across Doha.

Launching in Doha

Turn discovery into visits. Turn visits into regulars.

01 DISCOVER

Help new people find your venue.

02 VISIT

Give them a reason to come in.

03 RETURN

Give them a reason to come back.

Wajha gives your venue three simple tools to do this: *Access*, *Last Bite* and *Loyalty*.

ACCESS

A quiet hour doesn't have to stay quiet.

Imagine you're quieter from 2–5 PM, but busy after 6 PM.

No Access offer

| Access lets you create an offer only for the hours you choose.

| When you're already busy, nothing changes.

You choose the offer. You choose the time. You can stop it whenever you want.

LAST BITE

Don't let today's good food become tomorrow's waste.

Closing soon with good food still available?

Chef's Pastry Box

PICKUP

8-10 PM

Last Bite turns suitable food remaining near the end of the day into a limited offer.

You choose what's included, how many are available and when customers collect.

Mystery box or clearly listed items — your choice.

LOYALTY

Ahmed already likes your coffee.

He comes twice a month.

What if you gave him a reason to come back more often?

EXAMPLE

Visit 5 times → get a free coffee.

Loyalty gives customers a simple reason to return.

You choose the reward.

You choose how many visits it takes.

No paper cards. No complicated points.

How we drive customers to your door.

STUDENT NETWORK

Every day, students across Qatar decide where to eat, drink and meet.

What if your place was the one they discovered next?

Our network puts Wajha directly in front of students across universities in Qatar.

Our student ambassadors introduce Wajha on campus and help participating venues reach new people.

SOCIAL CONTENT

We create content with our launch venues and promote it through Wajha's social channels.

One viral moment can bring hundreds of people through the door.

What if you had more than one?

Try Wajha. Stay in control.

01

REACH NEW PEOPLE

Help people who don't know your venue yet discover it.

02

BRING PEOPLE BACK

Give customers who already like you another reason to return.

03

STAY IN CONTROL

You choose what you offer, when you offer it and which Wajha tools you use.

Wajha works around your business —
not the other way around.
